

Energy Efficiency Grants

The Ouse Valley Energy Services Company (OVESCO) is working on behalf of Lewes District Council to offer information on grants for **insulation** (cavity wall and loft insulation), **heating** (help with the repair and replacement of boilers) and minor repairs.

Note that this list is updated on a regular basis, but you can also contact the **Energy Saving Trust** on 0800 512012 for additional information on national grant schemes.

Please use the following list for information to source the right type of grants for your home. At OVESCO we do our best to keep you well informed, but cannot guarantee the information is always up to date, because schemes regularly start up and close down.
